## Summary

There are many odor control products available that claim to be the answer, but most contain hazardous chemicals with questionable health risks or warnings when used. In the end they just turn out to be spurious irritating cover ups, nauseating perfumes or expensive fruity fragrances that soon wear off.

Today's consumers are extremely health conscious and demand safe, environmentally friendly products capable of handling the infinite variety of noisome odors that invade their quality of life.

*OdorGone* is an environmentally responsible odor neutralizer that will maintain the highest highest of your product line and support your reputation of using environmentally responsible solutions that exceed all expectations.

*Proudly Made in America*

*OdorGone® Performs where others fail*
